

Community Centre Manager

Pinetrees Community Centre

Pinetrees has been busy with lots of group- Blood donations, immunisations, cardiac exercises, diabetes intervention, careers training classes, memory café, ballet, youth club, inclusive youth club and lots more.

We did have a bit of a catastrophe at the weekend – the patio roof above the main kitchen leaked causing some of the ceiling tiles to fall onto the kitchen sides and floor and caused a major flood. Making the big kitchen out of order for our groups that hire the hall. Kell's kitchen are able to continue as they have the smaller kitchen which they rent from us. The only meal they might have problems with is the lunch club meal on Thursday

The roof is being looked at and hopefully fixed today. We have purchased new ceiling tiles ready for when we know the roof doesn't leak anymore. So hopefully it won't be out of action too long.

John Moulton Hall

John Moulton Hall the regular groups are back from school holidays – Literacy baby toddler group, Age UK friendship and exercise, the walking group, lunch club and free café are all going well.

Moredon Community Centre

We have some regular groups that hire Moredon Community Centre – Spotlight singers, War gamers, fight klub, church group and bingo. We are hoping in the next two weeks for Youth Club to start on a Monday and Lunch club on a Tuesday. We are also getting bookings for parties at the weekends. We are hoping to have the booking system go live for general public to book themselves rather than phoning me to book soon.
