CURRENT PARTNERSHIP

STAFFING

Full-time Community Developer (Becky Cox) and Coaching Apprentice (Jay Allaway), employed by British Cycling, based at Moredon Sporting Hub.

INVESTMENT

In 2025/26, the Parish Council contributed £41,500 to have the two full-time positions, along with a small activation pot.

THE IMPACT

In the past 12 months, 4,500 people have been given access to cycling, and 700+ of those people have known disabilities.

Parish Council

THE IMPACT

In the past 12 months

4,500

People given access to cycling

700+

People with known disabilities
have joined sessions

21

SEND schools and
disability groups

1,310

Taught to ride a bicycle

80+

Children with SEND
have learnt to ride

25

Volunteers & coaches
recruited and trained

IMPACTING LIVES

Tilly (8) and Amelia (9) were unable to cycle before this summer holidays, both have additional needs.

They joined our SEND learn to cycle, Limitless family and girls' cycling sessions.

Tilly has learned to ride a bicycle. She now has her own bike and is excited that she can now take part in Bikeability in Year 4 of school!

Amelia has learned to ride a trike, now has her own, and is now enjoying cycle rides with her dad.

"Without these sessions our girls would not be cycling, we are so grateful. Tilly and Amelia have both developed a love of cycling and it's done wonders for their confidence too"

(Tilly & Amelia's parents)

PARTNERSHIP 2026-28

British Cycling would like to invite Central Swindon North Parish Council to **extend our partnership for a further two years** and continue to create inclusive cycling opportunities for the local community.

STAFFING & ACTIVATION BUDGET

Full-time Community Developer position.

Central Swindon North Parish Council partnership cost = **£34,000 per annum**

British Cycling will contribute £12,000 alongside this, via a Sport England subsidy, plus ViK support.

In the previous two years, the Parish Council has supported a £10,000 activation budget, which provides essential support for bike maintenance, volunteer workforce development and more.

We are working with Matt Gleed to explore other external funding opportunities (e.g. WASP) should the Parish Council be unable to support this element of the partnership.
