

Community Centre Manager

This is a small overview of what happens in the Parish Community Centres.

This new financial year has been busy with moving from one booking system to another. The new system will hopefully solve some of the problems we were having with the old system e.g double bookings in the halls. It is also the same system used by the finance team and for the allotments, so it makes sense for it all to be on one system.

Pinetrees Community Centre

Pinetrees is still busy with lots of groups- Weekly Baby & Toddler group, Blood donations, immunisations, cardiac exercises, diabetes intervention, Macmillian exercise/support sessions, fortnightly Memory café, ballet, Fitness classes, line dancing, Sword fighting, youth club, inclusive youth club, martial arts and lots more

Food cycle is very busy and serves over 30 people each week. Pop up shop has also been busy with between 18 – 20 households collecting food.

The Reading Rooms

Since gaining The Reading rooms back to hire out we have had some group running different training sessions for the groups staff, carers and others. First aid & epilepsy training, teaching care home staff to use hospital beds and hoists. Along with our weekly regular Radio Club group.

John Moulton Hall

John Moulton Hall has been steady, with literacy trust baby group, walking group, Lins fitness new starting next month diabetes prevention sessions. Along with Ad Hoc bookings.

The free café and lunch club are thriving.

Moredon Community Centre

We continue to have the regular groups in at Moredon Community Centre- Spotlight singers, wargamers, Fight Klub, Zumba and youth club. With ad hoc bookings in between.

Lunch club has been running for a couple of months and is thriving. Serving between 18 and 25 people each time.

For future meetings I was wondering if there was anything specific Councillors would like me to add to my reports regarding the Parish Community Centres.
